This is what I could find in my archive (c. 2010) responsive to the FOIA request. I have also attached my draft letters to Triton Environmental regarding the ISCO facilities in Charlestown and Portsmouth. I do not have the final versions, but Glenda or Dave may have them. I've also attached some c. 2005 internal correspondence we had with Ann and Kathleen that may have some relevancy. In a subsequent email I'll provide some correspondence I had with a student I had in 2013 that was researching the subject of salt pile regulation in the northeast - just in case there is any link.
